Attachments: Allied_2015_ReuseSuitabilityAnalysis_DRAFT_021015.pdf

Hi Michael and Tom,

I hope you all had a good weekend. I'm just circling back to confirm a time to discuss the draft reuse suitability analysis this week. Tom is available late morning on the 18th. Would an 11am (central) call work for you Michael?

I'll send a calendar invite with a call in number shortly and we can go from there.

Thanks.

 Hi Michael and Tom,

Skeo has developed the attached draft reuse suitability analysis for the Allied Landfill. This analysis evaluates reuse suitability for the three remedial alternatives (2b, 2d and 2e) provided by CH2MHill, plus the City's proposed redevelopment concept. As I mentioned on the phone Michael, this analysis is intended to provide a tool to evaluate reuse implications of various remedial alternatives. We are staying away from offering reuse concepts or redevelopment ideas, as the City is taking the lead on that front.

It would be helpful for us to talk through this draft analysis with you all prior to the City's reuse meeting on the 26th. I would suggest a conference call next week. Let me know if either of these times would work for you and I can set up a conference line.

2/17 @ 1pm (central)
 2/18 @ 10 am or 11 am (central)

Feel free to give me a call at 434-975-6700 x278 with any questions.

Thanks.
